About the 2026 ACCJH
Annual Meeting

Our Mission

The Academic Consortium on Criminal Justice Health (ACCJH) Annual Meeting brings together healthcare leaders, researchers, & advocates to share innovative approaches to health equity, coordinated care models, & justice-focused healthcare delivery systems.

Why Atlanta?

Hosted at the prestigious Morehouse School of Medicine, our 2026 annual meeting leverages Atlanta's rich civil rights history & emerging status as a healthcare innovation hub to inspire meaningful collaboration.

Health Across the Life Course

This year's meeting will center on *health across the life course*. From the earliest stages of life to advanced age, exposure to the criminal legal system shapes health in profound & lasting ways. Our keynote & plenary sessions will examine this life course spectrum, highlighting how the legal system's reach intersects with health across time, place, & community. Together, we will explore the diverse ways that carceral involvement influences well-being, underscoring the urgent need for research, practice, & policy that address these impacts across generations.

ACCJH Attendance at a Glance

The three-day event will feature keynote presentations, interactive workshops, poster sessions, & valuable networking opportunities designed to foster partnerships that extend beyond the annual meeting. Sponsors can expect to connect with an influential & diverse audience of decision-makers & thought leaders committed to advancing health equity.
